Hahnemuhle Daguerre Canvas offers a fine structure which is particularly good for fine art photo printing. Its bright white point provides clear fresh colours and contrasts for black and white reproductions.

Our traditional Box Frame finish.

New additional Floating Frame

A designer edge finish for your art” that won’t obscure the canvas. Your canvas print is stretched on a 30mm frame and then inserted into a 54mm deep stylish hard wood frame.

The art is inset, leaving a 10mm space between the art and frame, creating the illusion that your art is “floating.” Frame available in Black Satin, White or Natural Oak.
